POMPON DAHLIAS

HARVEY, Bloom 1½ x 1¼, Bush 3 ft. Good Persian rose with a bronzy suffusion. This Pom probably has a name in Australia but came to us mixed with a named variety and is so unusual we want to make it available to everybody. Any information on its correct name will be appreciated. **Root, \$1.50**

If you were at Dahliael and asked me to check a list of the most satisfactory varieties of dahlias for you to grow, you would probably say you wanted varieties that are not temperamental. Then you would ask for those easy to grow, that produce plenty of flowers good for cutting, house decoration, or for exhibition —oh yes, you would want some of the big ones too that will be the envy of the neighborhood. Well, here they are.

With this table of recommended varieties you can pick out the types and colors you like most. Where there is more than one, the top variety is the newer and likewise the higher priced one. Practically all of the varieties have won prizes at Shows or Trial Grounds, and will do it again if properly grown and exhibited.
